TRUE Ride features custom combination lockers that keep your personal items secure during your ride. In addition, we offer immaculate men and women’s facilities each equipped with showers, towels and spa-grade amenities. To ensure an effective and safe ride, our cycles accommodate “clip in” shoes, which allow you to transfer power efficiently with each pedal stroke, plus move out of the saddle safely to work your arms and abs. Our pedals are compatible with SPD and Look Delta cleats. If you don’t have those, don’t worry. We provide shoes for free.

Please fill out form and return to the address above.
